

Core Values

Equity – taking an equity stance, seeing through an equity lens, and leading with anti-racism in all we do.

Excellence – providing the highest quality services to help clients achieve their most aspirational goals.

Integrity – operating with honesty and strong moral principles.

Learning – committing to continuous learning and ongoing improvement as an organization.

Partnership – working with clients to diagnose challenges and find solutions tailored directly to their unique needs and context.

Social Justice – seeking justice in terms of the distribution of opportunities, outcomes, and privileges within society.

Transparency – working with clients with openness, communication, and accountability.
