

# ACCELERATION COMMUNITY OF PRACTICE

The Center ran workshops throughout the past year focused on Acceleration as a strategy for optimizing student learning and advancing the learning progress of all students. The strategy has at its core The Acceleration Framework, plus the enabling conditions that instructional leaders must create for any strategy to be successful.

**The Acceleration Community of Practice will provide ongoing support for coaches, principals, instructional leaders, and teachers in districts implementing Acceleration as a Strategy. All meetings of the CoP will be virtual.**

To help us plan for the Acceleration CoP to best meet your needs, we're asking for your input on [a brief survey](#). Please complete by October 15.
