

ACCELERATION COMMUNITY OF PRACTICE

Acceleration of student learning is very much in the news.

We invite you to participate in a 2022-2023 Community of Practice (CoP) related to challenges emanating from interrupted learning during the pandemic and continuing efforts to ensure each and every student achieves grade level standards. The CoP will address questions such as:

1. Where is your district at this time relative to student learning—what does the most recent data tell you?
2. How have you or will you respond to that data?
3. What is working for you now and what remains to be done?

This CoP will provide ongoing support for coaches, principals, instructional leaders, and teachers, and the work will be steered and guided by members of the CoP and facilitated by Partners for Educational Leadership.
