

# Join Partners at the 2024

# CARNEGIE SUMMIT ON IMPROVEMENT IN EDUCATION

## PC8: Coaching for Continuous Improvement MARCH 24, 2024: 9AM - 4PM PST

This is a highly experiential session, immersing participants in activities intended to build understanding of coaching as support for continuous improvement. Participants will compare two different styles of coaching, build their understanding of feedback as a mechanism, and explore how to build trust and relationships.

## H9: Huddle for Warmth: Single Participants Get Together to Support Each Other MARCH 27, 2024: 8:30AM - 4PM PST

Following the keynote session we will convene a 30 minute session for people new to the Summit and/or attending by themselves so that they can create a community of mutual support. Then on Wednesday morning we will convene to provide participants with activities that both introduce them to some key ideas around improvement science, and that they can use in their home districts. These are activities that we have used in various settings to give people experience of doing the work that builds their understanding. On Wednesday afternoon we will arrange groups and provide a framework so that participants can support each other, reflect and receive coaching from us, on their problems of practice.

Facilitated by Partners for Educational Leadership Team Members:

**RYDELL HARRISON**

Program Coordinator

**KERRY LORD**

Director of Programs

**ISOBEL STEVENSON**

Director of  
Organizational Learning

**ANDREW VOLKERT**

Staff Associate
